

N A W E E N D I L S H A N

Software Engineer

+94 717475188 • naweendilshan26@gmail.com • Matara

A dedicated Software Engineering graduate with a passion for coding and a drive for innovation. Equipped with a strong foundation in software development, I am committed to continuous learning and aspire to make significant contributions in the tech industry. Eager to leverage my skills to tackle new challenges and leave a lasting impact on innovative projects.

KEY SKILLS

- Java
- Springboot
- JavaScripts
- React Js
- MySQL
- Type Sdript
- Node Js
- HTML /CSS
- .Net
- Mongo DB / FireBase

Frameworks and Tools

- MERN Stack
- Figma
- Docker
- Postman
- JUnit
- VCS (Github / GitLab)
- Mac & Windows
- VsCode / IntelliJ IDEA
- SonarQube

CAREER HISTORY

Lakmobile Technology Solutions (PVT) Ltd.
Associate Software Engineer

Metro Field Management System – Metropolitan (Pvt) Ltd

Developed an employee management system integrated with ERP SAP, utilizing Spring Boot for backend services. Designed a robust microservices architecture, implemented RESTful APIs, and ensured efficient communication between modules. Additionally, contributed to frontend development using TypeScript to deliver a user-friendly interface.

(Technologies: Spring Boot, ReactJS, TypeScript, SQL)

Lakmobile Technology Solutions (PVT) Ltd.
Associate Software Engineer

.....

C-Panel Project & Enterprise Portal Project – SLT-Mobitel

I worked on the development of web applications for SLT-Mobitel, focusing on creating scalable and high-performance backend solutions. Designed and implemented robust APIs to enable efficient front-end and back-end communication. Managed databases, implemented key services, and ensured the seamless functionality of the applications. Delivered feature-rich solutions that met enterprise-grade standards.

(Technologies: Spring Boot, ReactJS, SQL)

Lakmobile Technology Solutions (PVT) Ltd.
Trainee Software Engineer

.....

Collection Management System (CMS) – Financial Web Application

Worked as a backend developer on CMS, a debt recovery tool for banks, leasing companies, and telecom providers. Responsible for developing and maintaining backend services, designing RESTful APIs, managing databases, and ensuring the application's performance and scalability. Collaborated with frontend developers to deliver a seamless experience for users. Successfully enhanced system efficiency, reducing transaction processing time by 40%.

(Technologies: Spring Boot, ReactJS, SQL)

Individual Project

.....

Store Management System – Koratuwa Ceylon Production (Pvt) Ltd

Independently developed and deployed a comprehensive web application to streamline business operations for Koratuwa Ceylon Production. Managed both backend and frontend development, creating a seamless, user-friendly interface. Successfully hosted the application on Hostinger, demonstrating expertise in full-stack development and problem solving.

(Technologies: Spring Boot, ReactJS, SQL, Google clouds)

PREVIOUS HISTORY

Lakmobile Technology Solutions (PVT) Ltd.
Associate Software Engineer

01/2023 – Current

Mobitel (PVT)LTD
Intern Software Engineer

01/2022 – 11/2022

EDUCATION & QUALIFICATIONS

Sri Lanka Institute of Information Technology (SLIIT) BSc (Hons) in Information Technology, Specializing in Software Engineering.	2020 – 2024
GCE Advanced Level Combine Mathematics: S Chemistry: S Physics: C	2019
